This stunning 175m² Majorcan finca has a unique location on the coast between Sóller and Deiá. The gorgeous frontal sea view is rarely found. This and the semi-private access to the sea makes this finca a jewel. In the house itself there are 3 bedrooms and 3 bathrooms, a fully equipped kitchen and a large living/dining area. The main terrace offers an additional outdoor kitchen with barbecue. Small above-surface pool. The entrance to the finca is via a narrow road, which is why we recommend to rent a small car. In about 15 minutes you reach the beach of Port de Soller or the dreamlike place; Deiá. In another 10 you can be in Valldemossa or Fornalutx. In this finca you will experience unforgettable sunsets in an absolutely quiet and dreamy location. The perfect place to relax. www.tramuntanapropertymanagement.com/archives/portfolio/alconasser
