Located at the foot of the Tramuntana mountains just outside of Biniaraitx in the valley of Soller, this traditional Mallorquin finca feels like a small paradise to relax. It is away from any noises yet a three-minute walk takes you to the center of one of the prettiest hamlets on the island where you can enjoy the tranquil life of the locals. This finca offers three bedrooms in the main house and another one in the optional "casita" for six or eight people.
